INSTRUCTIONS FOR REPORTING

The report date for the CAPER annual census of Post-M.D. trainees is November 1. All trainees who are receiving post-M.D. training on November 1 are to be reported (for more details see page ii, "Who Should Be Included?").

If this faculty of medicine updates files on trainees regularly, the information reported to CAPER must be based on files that were "frozen" to reflect the status as of November 1.

Data are to be sent to CAPER on diskette, cd rom or by encrypted electronic mail. The file layout format as given (starting on page iii) must be followed.

ALWAYS USE CAPITALS (upper case letters) when reporting. Do not use any lower case print.

Check the spelling of all names carefully. Check the dates of birth carefully. Since the name and date of birth are the principal data for matching trainees from one year to another, differences in one character will make computer matching difficult.

Reporting on Diskette

Diskette Description

Information should be stored as an ASCII file of fixed-length fields on diskette of any standard size or density. Verify the accuracy of each record before sending the data to CAPER.

Mailing Instructions

As the CAPER data file contains confidential information, always send the diskette(s) to CAPER by **Bonded Courier**, or **Registered Mail**

The data may also be sent by encrypted e-mail to **caper@afmc.ca**

If you plan to send the data file by encrypted e-mail, please call the CAPER office prior to sending it to determine an encryption password.

WHO SHOULD BE INCLUDED?

Information should be included on all post-M.D. trainees (residents, and fellows) who are in post-M.D. training on November 1, even if their training contract does not cover a complete year. The items below may help you decide on who is to be included and who not.

1. Residents, research residents and fellows who are pursuing, in a planned fashion, a post-M.D. training program.
2. All post-M.D. trainees who are under the supervision of faculty of medicine irrespective of the source of funding for their position.
3. All post-M.D. trainees who are doing research this year as part of their training program.
4. Trainees who are registered in a training position on November 1, but are absent on that day due to illness or other temporary leave up to 6 months.
5. Maternity or other leave of absence: trainees are to be registered with CAPER if they are away on a leave of absence for six months or less.
6. Fellows should be reported to CAPER.

The definition of a fellow used by CAPER is:

Fellow: A post-M.D. trainee who is registered with the Postgraduate Medical Education Office of a University Faculty of Medicine and who, regardless of the source of funding, is pursuing clinical or research training which will NOT be evaluated by the supervising faculty for the purpose of Canadian licensure or certification by the College of Family Physicians of Canada, the "Collège des médecins du Québec" or the Royal College of Physicians and Surgeons of Canada. Trainees in RCPSC "accreditation without certification" programs with the appropriate prerequisite certification must, however, be considered as residents.

Do Not Include:

1. Trainees in pre-internship "assessment" programs. These are programs for graduates of Foreign Medical Schools designed for assessment and upgrading of the individual prior to entry into a post-M.D. training program.

FIELD NUMBER 1**Positions 1-4****REPORT YEAR**

A numeric field with a record length of 4. Report the last 4 digits for the year for which data are being reported. This is a constant each year. For example, the code for data relating to the training year July 2002 to June 2003 (i.e. collection date Nov. 1, 2002) = 2002.

Example:

| <u>Code</u> | <u>Meaning</u> |
|-------------|-------------------|
| 2002 | Report Year: 2002 |
| 2025 | Report Year: 2025 |

FIELD NUMBER 2**Positions 5-6****UNIVERSITY PROVIDING TRAINING
AS OF NOVEMBER 1 THIS YEAR**

A numeric field with a record length of 2. This is a constant for all records submitted by each university. The first digit represents the province code, the second digit represents the specific university within each province. Give the two-digit code for the university which is providing the training for this trainee.

| <u>Code</u> | <u>University</u> |
|-------------|-------------------------------------|
| 11 | Memorial University of Newfoundland |
| 21 | Dalhousie University |
| 31 | Université Laval |
| 32 | Université de Sherbrooke |
| 33 | Université de Montréal |
| 34 | McGill University |
| 41 | University of Ottawa |
| 42 | Queen's University |
| 43 | University of Toronto |
| 44 | McMaster University |
| 45 | University of Western Ontario |
| 46 | Northern Ontario School of Medicine |
| 51 | University of Manitoba |
| 61 | University of Saskatchewan |
| 71 | University of Alberta |
| 72 | University of Calgary |
| 81 | University of British Columbia |

FIELD NUMBER 3

Positions 7-10

**SEQUENTIAL NUMBER DERIVED BY
SORTING FILE ALPHABETICALLY BY
SURNAME**

A numeric field with a record length of 4. This field is for reporting a serial number for each trainee ranging from 0001 to a possible maximum of 9999. This number is obtained by sorting all post-M.D. trainees included in the file by alphabetical order of the surname and given names reported in field number 4.

If a university is reporting information on 560 trainees, the trainee listed first when the file is sorted alphabetically by surname and given names is allocated the serial number 0001. The individual whose name is last in the file will have the serial number 0560. Always right justify and zero-fill. All 4 positions must be filled.

Examples:

Position Numbers

7

XXXX

0001

0254

0560

Meaning

First trainee in the file

254th trainee in the file

560th trainee in the file

FIELD NUMBER 4**Positions 11-63****NAMES OF TRAINEE**

An alpha field with a record length of 53. This is for reporting the names under which the trainee is now registered at the university providing training. Use punctuation if it is part of the normal spelling of the name. Hyphens, apostrophes, and commas may be used. Accents common in many French, German, etc. names, may NOT be used. All names are to be entered on the record using CAPITAL LETTERS only.

Positions 11-35

SURNAME

Up to 25 spaces are allowed for reporting the surname (family name). ALWAYS LEFT JUSTIFY. ALWAYS START IN POSITION 11.

Positions 36-60

GIVEN NAME(S)

Up to 25 spaces are allowed for reporting the usual given name(s) of the trainees. ALWAYS REPORT THE FIRST GIVEN NAME STARTING IN POSITION 36. Leave a space between given names. If the given names require more space than is available, report as many full given names as possible. The initials of additional names may be inserted starting in position 61.

Positons 59-61

INITIALS

Up to 3 spaces are allowed for reporting initials of given names OTHER THAN THOSE REPORTED IN POSITIONS 36-60. USE ONLY AS REQUIRED.

For examples see next page.

Examples:

In these examples, surnames are given in CAPITAL LETTERS so that they may be distinguished from given names.

Brian Patrick O'HARA
Claude Martin DE BELLEFEUILLE
Wanda Irene Mary SMITH-KLINE
John PING
Maria Josephina Andrea Pierrette Claire SMITH
Jacqueline JONES BROWN

FIELD NUMBER 5**Positions 64-116****NAMES ON M.D. DEGREE OR THE
EQUIVALENT FIRST PROFESSIONAL
QUALIFICATION IN MEDICINE**

An alpha field with a record length of 53. This is for reporting the names of the trainee as they appear on the graduation certificate of the M.D. degree or the equivalent first professional qualification in medicine earned outside Canada. If the original diploma was issued using a non-latin alphabet, please use the names (and spelling of the names) as given on an official notarized translation.

1. Follow the same rules concerning punctuation, accents and capital letters as in field 4.
2. If the actual M.D. degree or equivalent diploma was not checked, write in "NOT CHECKED".
3. If the names on the M.D. degree are identical to those given in field 4, the word "SAME" may be inserted in this field.

Positions 64-88

SURNAME

Up to 25 spaces are allowed for reporting the surname (family name). ALWAYS LEFT JUSTIFY. ALWAYS START IN POSITION 64.

Positions 89-113

GIVEN NAME(S)

Up to 25 spaces are allowed for reporting the usual given name(s) of the trainees. ALWAYS REPORT THE FIRST GIVEN NAME IN STARTING IN POSITION 89. Leave a space between given names. If the given names require more space than is available, report as many full given names as possible. The initials of additional names may be inserted starting in position 114.

Positions 114-116

INITIALS

Up to 3 spaces are allowed for reporting initials of given names OTHER THAN THOSE REPORTED IN POSITIONS 89-113. USE ONLY AS REQUIRED.

For examples see next page.

Examples:

In these examples, surnames are given in CAPITAL LETTERS so that they may be distinguished from given names.

FIELD NUMBER 6**Positions 117-124****DATE OF BIRTH**

A numeric field with a record length of 8. Report the date of birth in the order DAY, MONTH, YEAR.

Day of birth of the trainee

- valid range 01 to 31 with restrictions by month
- when reporting first 9 days of the month, left zero-fill (e.g. 01, 02, 03, etc.)

Month of birth of the trainee

- valid range 01 to 12
- when reporting first 9 months of the year, left zero-fill (e.g. 01, 02, 03, etc.)
01 = January
12 = December

Year of birth of the trainee

- a four-digit code representing the actual year of birth (e.g. 1962, 2001, etc.)

Examples:

| <u>Code</u> | <u>Meaning</u> |
|-------------|---------------------------|
| 05011952 | Born on January 5, 1952 |
| 11112001 | Born on November 11, 2001 |

FIELD NUMBER 11**Positions 129-131****COUNTRY OF CITIZENSHIP**

A numeric field with a record length of 3. Enter the appropriate code for the country of citizenship at the beginning of this training contract. If the trainee is a Canadian citizen, enter 000. See full list of Citizenship Codes on page 14.

NOTE: All those coded 1 in field number 10 should be coded 000 in this field.

Example:

| <u>Code</u> | <u>Meaning</u> |
|-------------|--|
| 000 | Citizen of Canada at beginning of this training contract |

For codes of countries other than Canada, see page 14.

NAME AND COUNTRY OF LOCATION OF UNIVERSITY AWARDDING M.D. DEGREE OR EQUIVALENT FIRST PROFESSIONAL QUALIFICATION IN MEDICINE (WRITE-IN)

An alpha field with a record length of 55. Write in the name and country of location of the university/medical school awarding the M.D. degree or the equivalent first professional qualification in medicine. The name of the country is essential because universities in different countries may have the same or very similar names.

Positions 132-166 35 positions are allowed for the name of the university/medical school, starting in position 132.

Positions 167-186 20 positions are allowed for the name of the country in which the university/medical school is located. The name of the country should always be entered starting in position 167.

FIELD NUMBER 13**Positions 187-192****UNIVERSITY AWARDING M.D.
DEGREE OR EQUIVALENT FIRST
PROFESSIONAL QUALIFICATION IN
MEDICINE (CODE)**

A numeric field with a record length of 6. The first three digits indicate the country in which the medical school of graduation is located. The second three digits (i.e. the 4th, 5th, and 6th digits) are codes assigned to identify individual faculties or schools of medicine within each country.

For all non-Canadian Medical Schools, use the document "CAPER Medical School Codes" to find the code which identifies the university/medical school awarding the M.D. degree or equivalent first professional qualification in medicine. This is a coil bound manual. If one is not available, call the CAPER office to receive a copy (613-730-1204). Codes for Canadian Medical Schools are listed below.

ADDITIONAL INSTRUCTIONS FOR CODING SOURCES OF FUNDING

Field number 21 contains a code which places the various sources of funding for post-M.D. training within a number of categories.

In order to determine the appropriate code it is essential that you know the name of the government agency or organization. It is also often important to know more about the organization than is given by the name, so that the location of the organization can be given.

Following is some additional information which is included to help you determine the appropriate code for each funding source.

Code 01 **Regular ministry funding**

Use this code for the funding of all trainees who are considered to be "ministry funded" by your faculty of medicine. This is the regular funding provided by the provincial government for the funding of post-M.D. trainees in your province.

Code 11 **Provincial funds**

This code is used for provincial government funding sources which are from the province in which the training is provided, but, however, are NOT regular sources of funding for post-M.D. training in your province. Trainees whose funding is coded 11 will not be included in the "regular ministry funding" group by CAPER. Examples of such provincial government funding are the Workers`Compensation Board and the Alberta Heritage Foundation.

Code 12 **Ministry funds transferred to another province**

A common source of these funds is the province of New Brunswick which transfers funds to Quebec and other provinces for the training of residents. (Note that New Brunswick funding for trainees at Dalhousie, however, is regular ministry funding for Dalhousie trainees through the Maritime Provinces funding.)

Code 13 **Community or regional funds**

Specific regions within some provinces pay for the post-M.D. training of some residents. If a regional health board is funding training, code 13 should be used.

Code 14 Canadian health care institutions not affiliated with the faculty providing training

Code 14 is for the funding of training by a hospital which is NOT the site for clinical training of that trainee. Code 14 is for Canadian hospitals only.

Codes 21-25 Federal government funds

Specific codes are provided for most sources of Canadian federal government funding.

Code 31 National not-for-profit organizations

National charitable organizations, commonly (but not always) associated with a specific illness, frequently provide funding for the post-M.D. training of residents in a specialty which would lead to the resident either doing research or providing treatment related to this disease. Examples of such national charitable not-for-profit organizations are the Canadian Cancer Society and the Canadian Cystic Fibrosis Foundation.

Code 32 Provincial or local not-for-profit organizations

Provincial and local charitable organizations also support the training of residents. Examples of provincial organizations are the Addiction Research Foundation, Ontario and the British Columbia Heart Foundation.

Code 41 Funds from the supervising faculty of medicine

Faculties of medicine through a faculty foundation or trust fund, usually associated with a specific appointment, may fund some post-M.D. training. It is especially important to know the specific source of funding for trainees considered to be funded by a faculty department because the trainee is often funded through a research grant to a professor in the department. In such cases the funding should be coded to the actual source. For example the Medical Research Council (code 23) or the Canadian Heart Foundation (code 31).

Code 45 Funds from clinical training sites

Funding coded as 45 must pertain only to funds provided by a clinic or hospital where a trainee is pursuing post-M.D. training. It is important to know the actual source of the funds because research funds provided to a physician based in the clinic or hospital should be coded according to the

original source of the research grant. For example, funds provided from the Canadian Cancer Society to a hospital or clinic and used for post-M.D. training should be coded as 31 (national charitable organizations) not as 45 (funds from clinical training sites).

Code 50 Canadian business or industrial sources

The main source of funds within this group is the pharmaceutical industry. Any funding of post-M.D. training supported by a Canadian industrial source is to be coded as 50 even if the funding is originally provided to a faculty member or staff member of the clinic in which the resident is training.

Codes 61-65 Foreign sources

Any funds received from foreign countries are included in these categories. Be sure that the name of the country is given in positions 239-253 of field number 20.

FIELD NUMBER 22

Positions 262-269

CONTRACT START DATE

A numeric field with a record length of 8. Report the date of commencement of this training contract in the order DAY, MONTH, YEAR.

Day of commencement of this training contract:

- valid range 01 to 31 with restrictions by month
- when reporting first 9 days of the month, left zero-fill (e.g. 01, 02, 03, etc.)

Month of commencement of this training contract:

- valid range 01 to 12
- when reporting first 9 months of the year, left zero-fill (e.g. 01, 02, 03, etc.)
01 = January
12 = December

Year of commencement of this training contract:

- four-digits representing the actual year of commencement of the training contract (e.g. 1987, 2001 etc.)

Example:

| <u>Code</u> | <u>Meaning</u> |
|-------------|-------------------------------|
| 01071987 | Contract started July 1, 1987 |

FIELD NUMBER 23

Positions 270-277

CONTRACT STOP DATE

A numeric field with a record length of 8. Report the date of termination of this training contract in the order DAY, MONTH, YEAR.

Day of termination of this training contract:

- valid range 01 to 31 with restrictions by month
- when reporting first 9 days of the month, left zero-fill (e.g. 01, 02, 03, etc.)

Month of termination of this training contract:

- valid range 01 to 12
- when reporting first 9 months of the year, left zero-fill (e.g. 01, 02, 03, etc.)
01 = January
12 = December

Year of termination of this training contract:

- four-digits representing the actual year of termination of the training contract (e.g. 1988,2002, etc.)

Example:

| <u>Code</u> | <u>Meaning</u> |
|-------------|------------------------------------|
| 30061988 | Contract termination June 30, 1988 |

FIELD NUMBER 24**Position 278****PART-TIME THIS CONTRACT?**

A numeric field with a record length of 1. This field is to indicate whether the trainee is on a reduced workload schedule. In order to be recorded as part-time, the trainee will be on special contract to work fewer hours per day or days per week than usually required for trainees in this program.

| <u>Code</u> | <u>Meaning</u> |
|-------------|------------------------------|
| 1 | Yes, trainee is part-time |
| 2 | No, trainee is not part-time |

FIELD NUMBER 25

**RANK (TRAINING LEVEL) OF
TRAINEE (CODE)**

A numeric field with a record length of 1. Give the appropriate code for the training level within the RCPSC, CFPC or CMQ training program held by this trainee on Nov. 1 of this training contract.

NOTE: Use codes 1 to 7 for all trainees assigned a resident rank by your university. Use the level of Family Medicine (CFPC) or specialty training (RCPSC or CMQ) in which the trainee is enrolled this year.

Use code 9 for any trainees who do not fit in categories 1 to 7. (Trainees designated as fellow, "moniteur," etc. code as 9.)

| <u>Code</u> | <u>Meaning</u> |
