3a.	(2004 M.D. Graduates from the Province of Ontario Registered in Canadian Post-M.D. Training Programs in 2004) Field of Post-M.D. Training by Province Providing Post-M.D. Training, (2004)	85
3b.	(2004 M.D. Graduates from the Province of Ontario Registered in Canadian Post-M.D. Training Programs in 2005) Field of Post-M.D. Training by Province Providing Post-M.D. Training, (2005)	86
3c.	(2004 M.D. Graduates from the Province of Ontario Registered in Canadian Post-M.D. Training Programs in 2006) Field of Post-M.D. Training by Province Providing Post-M.D. Training, (2006)	87
3d.	(2004 M.D. Graduates from the Province of Ontario Registered in Canadian Post-M.D. Training Programs in 2007) Field of Post-M.D. Training by Province Providing Post-M.D. Training, (2007)	88
3e.	(2004 M.D. Graduates from the Province of Ontario Registered in Canadian Post-M.D. Training Programs in 2008) Field of Post-M.D. Training by Province Providing Post-M.D. Training, (2008)	90
3f.	(2004 M.D. Graduates from the Province of Ontario Registered in Canadian Post-M.D. Training Programs in 2009) Field of Post-M.D. Training by Province Providing Post-M.D. Training, (2009)	92
3g.	(2004 M.D. Graduates from the Province of Ontario Registered in Canadian Post-M.D. Training Programs in 2010) Field of Post-M.D. Training by Province Providing Post-M.D. Training, (2010)	94

Explanatory Notes Concerning the Tables

Section A

New Entries to Post-M.D. Training at all Rank Levels

“New Entries” refer to physicians entering post-M.D. training. These are physicians who have never been recorded previously on the CAPER database. These data are provided to give the reader the base information on the number of new physicians entering post-M.D. training.

Section B

New Entry Trainees - Re-entry Trainees

New entry trainees are physicians who were in training for the first time, ie. they have never had a break in their training. A re-entry trainee is a physician who had previously had a break in training and has therefore already probably spent some time in practice. A re-entry trainee as designated in the tables in Section B can be at any rank level, not only the first year of re-entry to training. This distinction is made to indicate which trainees will be entering practice for the first time and those who will not be “new” physicians when they exit.

The proportion of re-entry trainees in each specialty also indicates which specialties have tended to recruit from the physicians already in practice.

Table B-2i - First Year Trainees

This table contains only the first year trainees - those physicians in training at the R-1 level for the first time. They had never been reported to CAPER in the past. The table gives the initial training field of the leading edge of the group who will become our new physicians in the next 2 - 7 years.

Section C

Post-M.D. Trainees Exiting Training Programs in July, 2010 at the Completion of Post-M.D. Training

The physicians included in this exit group consist of those who left training at a rank level consistent with completion of training. For example, those who left Family medicine training at a rank of R-2 or higher and medical specialties at a rank of R-4 or higher would be included in this group. It is assumed those who left training at lower rank levels were taking a temporary break in training and would be returning to training. The small number of trainees who exited prior to completion of training are not included in the exit group.

(con't)

Section D
Where Did Our Trainees Go (D-1)?
and
Where Did Our New Physicians come from (D-1i) ?

These two tables give two pictures of the geographic mobility of trainees between the time they exited from post M.D. training and where they were located in practice two years later.

Table D-1

This table contains the trainees who exited from training in your province at the completion of training. It shows where they were in practice (according to the CMA masterfile) two years later. It also shows the final training field of your residents.

Table D-1i

This table contains all of the (Canadian citizens/permanent residents) trainees across the country who exited from training two years ago and were subsequently located in your province in July of the current year. Thus, it gives a picture of where the new physicians, who came to work in your province, did their last year of post-M.D. training and the specialties in which they trained.
